

Making It Beautiful

All Star United

All of my love
I'm so sad to say is all I can give to you
And could that be enough
Of my love to repay all of the things you do

Chorus:

Take my breath away
Making it beautiful
All I can say
Is thank you for making it all
For making it beautiful

Would you open my heart
Be all I need to change into something new
Tear me apart
Oh this is my plea
Make me be more like you
