

## Residential Burglary

Allister

it was just another boring friday night  
when things got a little out of control  
a record player and some cds  
is what he stole  
well he claims he wiped the finger prints  
clean off the stolen goods  
but it's too bad he didn't hide the evidence  
because he's going to jail  
andy is going to jail  
now he's sitting in jail  
with a drunk and a wifebeater  
he says the food tastes weird  
and the cell smells like piss and beer  
now he claims he wiped the finger prints  
clean off the stolen goods  
but it's too bad he didn't hide the evidence  
because he's going to jail  
andy is going to jail
