Somewhere down in Fullerton there's a place we used to go to get away from it all Somewhere down in Fullerton there's a place we used to go to get away from it all But I'm still trying just to figure out why this feels so wrong when it felt so right Felt so right four years ago So please don't go away Won't this feeling stay with me forever, forever, I said "please don't go away I just want you to stay with me forever" Somewhere down in Fullerton there's a place that meant so much to everybody like me Somewhere down in Fullerton there's a place that meant the world to everybody like me But I'm still trying just to figure out why this feels so wrong when it felt so right Felt so right four years ago So please don't go away Won't this feeling stay with me forever, forever, I said "please don't go away I just want you to stay with me forever" But I'm still trying just to figure out why this feels so wrong when it felt so right Felt so right four years ago So please don't go away Won't this feeling stay with me forever forever, I said "please don't go away I just want you to stay with me forever" Forever, I said "please don't go away I just want you to stay with me forever" Forever, I said "please don't go away cause all I want is you to stay with me"
