

Waiting For You

Allister

If I could tell you one thing
Then I'd tell you everything
I'd probably say that you've been on my mind
Since we held hands out in the rain
Smoking cigarettes to play
Off all the butterflies I had inside
And now I think that you should know
That you've got everything
That I've wanted for so damn long
And that I wouldn't hesitate to trade away everything
If you tell me that I'm not wrong
So know I think that you should know
That I've been waiting for you
Since we sat underneath the stars
as I held you in my arms
Killing just another summer night
It's funny how the best things happen sometimes
And how I'll always remember those endless nights
But don't forget I regret the fact that I have to leave you
Right as the best part starts
So I thought I'd take the time to say
