

# Don't Gimme That (Alternative Rock Version)

Aloha from Hell

Don't gimme that  
Don't gimme that  
Don't gimme that

So it's over and your heart is on the floor  
And you need a way to run and hide  
Now you're knocking on my door  
Tryin'to pick it up and save your pride

You can say it but I've heard it all before  
How I never showed a sad goodbye  
The one you still adore  
And how you never meant to make me cry

You were the one who let me down  
You were the one who fool around  
Now I am your lost and proud

Chorus:

Don't gimme that, aha, aha, aha  
Don't gimme that, aha, aha, aha  
Don't gimme that, aha, aha, aha  
Don't gimme that, aha, aha, aha  
Don't gimme that  
(Sorry really doesn't mean a thing)

When I can't believe a word you say  
I'm not your puppet on a string  
Left aside until you want to play

You were the one who let me down  
You were the one who fool around  
Now I am your lost and proud

Chorus:

Don't gimme that, aha, aha, aha  
Don't gimme that, aha, aha, aha  
Don't gimme that, aha, aha, aha  
Don't gimme that, aha, aha, aha

So it's over and your heart is on the floor  
And you need a way to run and hide  
Now you're knocking on my door  
Tryin'to pick it up and save your pride

Chorus:

Aha, aha, aha  
Don't gimme that, aha, aha, aha  
Don't gimme that  
(Gimme that, gimme that, gimme that)  
Don't gimme that  
(Gimme that, gimme that, gimme that)  
Don't gimme that  
(Gimme that, gimme that, gimme that, gimme, gimme, gimme that)  
Don't gimme that  
(Gimme that, gimme that, gimme that, gimme, gimme, gimme that)  
Don't gimme that
