Here's only so much more
The day is full
To reach
Understanding
And all at once I knew
I fan the truth over to you

Excused
Your flame
Sold us
I look away (? )
There's only so much more
There's only so much more

Hey lonely
Still looking for perfection
Bleed and hold it
Miss the moment

When there's only so much more Discover it all All wonders be like you do

Simply comply With the restlessness I hurt Takes hold A touch, a sigh with

Hey, lonely Still looking for perfection Bleed and hold it Miss the moment

There's only so much more There's only so much more You'll find in me Gave everything

Maybe you will
But maybe you won't
The impossible thrill
That lives only once
I rest my case
My weary face
Grey is sad (?)
