

## Too Safe

Alpine

Want to sail  
Way away  
Across this big water  
Feeling sick  
Of this land  
Need a Chandon

You're shit, you make me want to look at others  
Right now, you really want to make me scream  
I think I'm falling out of love now  
I feel too safe with you  
I feel too safe with you

Want to sail  
Way away  
Across this big water  
Feeling sick  
Of this land  
Need a Chandon

You're shit, you make me want to look at others  
Right now, you really want to make me scream  
I think I'm falling out of love now  
I feel too safe with you  
I feel too safe with you

Feel too safe with you  
Feel too safe with you (I feel safe)  
Feel too safe with you (I feel safe)  
Feel too safe with you (I feel safe)  
Feel too safe with you (I feel safe)  
Feel too safe with you (Feel too safe)  
Feel too safe with you (Feel too safe)  
Feel too safe with you (Feel too safe)  
Feel too safe with you (Feel too safe)  
You  
You  
You...
