

Japan

Amanda Lear

Oriental people are a mystery
Strange little ladies make origami
Walking a street is like a beautiful dream
Open my eyes and I am in Japan

Hear children feet worm on a catwalk
Sweet little faces my last we talk
Run tip-tap on a catwalk
Dance all around
Open my eyes and I am in Japan

Japan, Japan, Japan
Japan, Japan, Japan
I like dancing around
Tokyo, my kind of town

I can't forget naif sukiyaki
Yokohama and Nagasaki

Japan, Japan, Japan
I like dancing around
Tokyo, my kind of town

They got traditions and electronics
Imagination and kimono chic
Goldorak and geishas, Fujiyama
I feel so happy to be in Japan

Japan, Japan, Japan
I like dancing around
Tokyo, my kind of town
Japan, Japan, Japan
I'll always miss Japan
Tokyo, my kind of town
Japan, Japan, Japan
Oh, how I love Japan
Japan, Japn, Japan...
