

## Pretty Boys

Amanda Lear

Pretty boys, witty boys  
Jaded boys, faded boys  
Seeking only satisfaction  
And long lasting adulation  
You leave tomorrow behind  
Why don't you give a damn

Just beause we're lovers  
Things can't last forever  
You're bound to discover  
When it's too late  
That Your dream is over

Pretty boys, witty boys  
Jaded boys, faded boys  
Living life in a hurry  
You leave tomorrow behind  
Why don't you give a damn

Children of the night  
Living in a world of lies  
You turn starry eyes  
Cause it's your fate  
Towards an empty sky

Pretty boys, witty boys  
Jaded boys, faded boys
