

## No Cure For The Pure

Amen

So impure that i need a fear  
Everything i can endure  
I stay away 'cause i've got  
Nothing here to stay

Why can't i believe?  
Why am i so impure?  
Person justified  
Inside something i endure

Because i turn myself in a whore again  
I heard it all before  
Because i lost myself in pure horror  
'cause, no cure,  
No cure for the pure

Somebody said everything is everything  
Everything is everything  
Everything is nothing  
? ? ?

I don't wanna live  
In something so impure  
Who'd want you to live inside your

Because i turn myself in a whore again  
I heard it all before  
You know i lost myself in pure horror  
'cause there's no cure for the pure  
There's no cure the pure  
There's no cure the pure  
There's no cure the pure  
There's no cure the pure  
Why am i so impure?

There's no cure...  
No cure...  
No cure..  
There's no cure...  
( 'cause there is) no cure (for the pure)  
( 'cause there is) no cure  
( 'cause there is) no cure (for the pure)  
( 'cause there is) no cure (for the pure)  
No cure. for the pure.
