

## Westwood Fallout

Amen

It's all falling from the ceiling  
Why come? We're so bored  
It's a shame we're so bored

It's just to let you fall out  
It's just a Westwood fallout  
It's just to let you fall out  
Justice to stay here

It's a liar born to this  
I'm a liar  
I'm just a liar  
I was born to breed with it

We're falling we're so baited  
It's so calming it's a fear us  
We're opposite there is no attraction  
We're so opposite no reaction

Crash cash  
I'm a liar in the waiting  
I'm a liar born to them  
I'm a liar I'm just a liar  
I was born to be with them

We spread our arms and pray to a god that lives in Las Vegas  
We sleep within empty holes and beat with dogs  
To feel reborn  
Just too bored  
To be bored  
We must reborn  
We're just to feel reborn  
Deformed  
Just  
be bored  
To be bored we must reborn  
Reborn we are just bored  
Reborn we must 'cause I'm a liar  
Just a liar  
Faded
