

Paragon Pariah

Anaal Nathrakh

A most complete inauguration,
To think our future souls are clean,
And for the last of human contact,
To die a paragon pariah,
Detested,
Forgotten,
Alone.

A most complete inauguration,
To think our future souls are clean,
And for the last of human contact,
To die a paragon pariah,
Detested,
Forgotten,
Alone.

One grace,

A most complete inauguration,
To think our future souls are clean,
And for the last of human contact,
To die a paragon pariah,
Detested,
Forgotten,
Alone.
