

# Caught in the Middle

Anastacia

We've been rolling like thunder  
Ain't been no other  
Got my back the way you do babe  
And every day it gets stronger  
The way that I want you  
I can't push it away

And every day I'm trying to find the words, the words to say  
But I'm trying not to complicate the games we play  
And I don't know how, what way, but things got to change  
Now my heart sings out so loud  
Boy I need you now  
I need you now

Oh you, you got me caught in the middle  
You got me caught in the middle  
Between my heart and my head oh  
I don't need that  
You don't need that  
We don't need that

But I'm caught in the middle  
Oh yeah I'm caught in the middle  
Don't wanna fall out of rhythm  
I don't need that  
You don't need that  
We don't need that

You got the eye of the tiger  
An unending fire  
And it's calling me home

And every day I'm trying to find the words, the words to say  
But I'm trying not to complicate the games we play  
And I don't know how, what way, but things got to change  
Now my heart sings out so loud  
Boy I need you now

Oh you, you got me caught in the middle  
You got me caught in the middle  
Between my heart and my head oh  
I don't need that  
You don't need that  
We don't need that

But I'm caught in the middle  
Oh yeah I'm caught in the middle  
Don't wanna fall out of rhythm  
I don't need that  
You don't need that  
We don't need that

I don't wanna escape  
Got me trapped in the love we make  
Now I gotta be straight  
So before it's too late  
It's a risk that I wanna take

Tell me do you feel it too

Oh you, you got me caught in the middle  
You got me caught in the middle  
Between my heart and my head oh  
I don't need that  
You don't need that  
We don't need that

But I'm caught in the middle  
Oh yeah I'm caught in the middle  
Don't wanna fall out of rhythm  
I don't need that  
You don't need that  
We don't need that
