And hear we go
Whoo!
Ah c'mon

Ah c'mon
Fields of glory straight ahead
But your veerin to the left
Why don't you pick your ass up off the ground
'Cause you'll never know what's next
Sometimes you go uptown, run out of money
And ain't life all kinds of funny
Justify, don't analyse the possibilities
Aoow
(Change is coming)
It's been a long time
Been a long time coming
Change is coming)
Whoo
So get ready, get ready
(Change is coming)
So get your shit together
Pussyfootin' like a feather
Ain't no time to stop halfway
Get ready
Haha
Ah come on!
Spread your wings and don't look back
'Cause you're better off that way
And when your train heads off the track
You know there's hell to pay
I said, great expectations
So make your reservations
Change is coming
So you better start running, running, running a running
Whoo
(Change is coming)
It's been a long time
Been a long time coming
(Change is coming)
Whoo

Pussyfootin' like a feather
Ain't no time to stop halfway
Whoo Get ready
Hoo shit hahaa!!!
Separation, masturbation, where's it gonna lead
I'm searching through the galaxy to find a recipe
With a dash of this and a dash of that
It's all you'll ever need
I said now

Change the situation

(Change is coming)
It's been a long time
