

## Get Off, Get Out

Anathema

I know it feel it flow  
I see it grow, I see you low  
Hello, too low...?  
I know to feel it more  
To feel it more, feel it more  
Than more...  
I feel it more to feel it more

It ain't about yourself get out of yourself  
Push it on out of yourself right out of sight  
You got a big surprise coming your way  
Push it on all out, move it  
Push it. Push it  
It ain't about yourself get out of yourself  
Go check it out  
It's coming...
