

# Leaving It Behind

Anathema

Tonight, let go  
Let go of everything, inside  
Cause I said so  
We'll make everything inside alright

Cause I am leaving it behind  
Stop feeling dead inside tonight  
Cause I am leaving it behind  
Stop feeling satisfied inside

The lies, they know  
They know every little thing, inside  
But I said no  
And I'll make everything inside alright

Cause I am leaving it behind  
Stop feeling dead inside tonight  
Cause I am leaving it behind  
Stop feeling satisfied inside

Tonight, let go  
Let go of everything, inside  
Cause I said so  
We'll make everything inside alright

Cause I am leaving it behind  
Stop feeling dead inside tonight  
Cause I am leaving it behind  
Stop feeling satisfied inside
