

# Undead

Andragonia

Breath the smoke feeling the hate  
Standing on fire burning my soul  
Lock the chains bind my spirit  
Breath the smoke feeling the hate

I can't carry on any longer  
Living among the walking undead and their rotten souls

Look in the eyes there is no soul  
Just a collective hysterical mind  
That rules us all

Look around, look around,  
Look around and what you see?

Living undead everyday  
(Try to speak with zombies)  
This is such a waste of time  
All I need is to break free now  
Living undead everyday  
(Living undead everyday)  
Among concrete souls and I feel the cold  
It's driving me insane!!!

Breath the smoke feeling the hate  
Standing on fire burning my soul  
Lock the chains and bind my spirit  
Breath the smoke feeling the hate

I need to be released now!!!

Living undead everyday  
(Living undead everyday)  
This is such a waste of time  
All I need is to break free now!!  
Living undead everyday  
(Living undead everyday)  
Among concrete souls and I feel the cold  
It's driving me insane!!!

Everybody has no soul  
I can see no brighter eyes  
They have just faded away  
Faded away, faded away...

Look at the gray sky who stands above us  
All it's heavy weight reflects in my voice  
Humanity covered in concrete marches on  
With incoherence reaches a new day

Light of a new day seems to never to come  
Our lives seem to be in loop undone  
When will come a day for us to wake up  
It's too late now there's no turning back!!!
