

Tomorrow In Her Eyes

Andrea Corr

I see tomorrow in your eyes
And where my future lies
So I don't need a crystal ball
At all because I've seen tomorrow
In your eyes.

Whenever life tears us away
I'll hold on to the words we say
And if I have to wait a while
Then I'll be dreaming of tomorrow
And your smile

Someday soon love
Someday soon love
There'll be time for you and I love

And time shall hold no sad surprise
More hellos than goodbyes
So I don't need my fortune told
I know because I've seen tomorrow
In your eyes.

No, I don't need a crystal ball
At all because I've seen tomorrow
In your eyes.
I've seen tomorrow in your eyes.
