

# Soldiers of Sorrow

Andrew W.K.

Sorrow - The Trembling Sorrow  
Hear Me Sing The Goodbye Music  
All The Skeletons Are Burned To Ashes  
The Dying Bodies Go Back Into The Earth

The Gods Of Death Will Line Now  
On The Field They Are Marching  
They Are Covered In Blackness  
But Each One Will Burn Bright Red

Sorrow - This Living Sorrow  
Throw It All Away And Make A Beginning  
All The Color Will Go Into The Earth  
Throw It All Away You Proud Living Soldiers

The Gods Of Death Will Line Up Now  
On The Field They Are Marching  
They Are Covered In Blackness  
But Each One Will Burn Bright Red

From Dying Men To All Of Their Good Women  
From Dying Girls To All Of Their Boyfriends  
From Dying Men To All Of Their Women  
To All Our Loved Ones We Swear We'll Protect

What Will They Have To Commit To?  
How Much Will They Leave Behind?  
I Pray - Pray To Bring Near A New Day

Sorrow - The Painful Sorrow  
Nothing Left Except This Sadness  
We Destroy These Nameless Soldiers  
We Survive By Spilling Our Blood

The God Of Deaths Are Arriving  
On The Wings Of A Windstorm  
There's No Way To Resist Them  
No Place For Anyone To Run

From Dying Men To All Of Their Good Women  
From Dying Girls To All Of Their Boyfriends  
From Dying Men To All Of Their Women  
To All Our Loved Ones We Swear We'll Protect

From Fighting Men To Women At Home Waiting  
From Fighting Girls To All The Boys That They Love  
From Fighting Men To All Of Their Women  
To All Our Loved Ones We Swear We'll Protect

What Will They Have To Commit To?  
How Much Will They Leave Behind?  
I Pray - Pray To Bring Near A New Day
