

Nobody Was Saved

Angelic Upstarts

Nobody was saved
Nobody got out alive
How can we survive
In this hells paradise

Johnny walks around the town
He knows he can't escape
Wants to do something for himself
Now he's lookin' for a way
Seen it on a TV-show
It looked a lot of fun
Everything could be so easy
Then it all goes wrong
Sometimes when you think you're finished
And you've not begun
Johnny's lookin' for a way out
But it's down the barrel of a gun

So when I read all about you
In tomorrow news
I've already seen the headlines
Written on your face
