

Sasquatch

Ani DiFranco

Hey Sasquatch
Your footprint got nothing on mine
I exhume you, I consume you

I film you as you run by
Hey Sasquatch
You're hairy, don't scare me
I dine on chicory, on the prairie
On the slurry of our kind

Say Sasquatch quit hiding
Yes I love ya, out there up in your window
My warrior be under my care
Hey Sasquatch I love ya
You can drink from my cup
You big fool you know I rule you
Now come out with hands up
You big fool you know I rule you
Now come out with hands up
