Payback

Annihilator

Convicted, a brutal act of sin
The sentence did not fit the crime
Outrage, screaming bloody murder
Released, done the time

Hey, you!
Remember me?
I am the last thing
You'll ever see

Payback, I'll make you suffer In their name, I shall avenge Hunted, just like an animal The innocent shall have their revenge

Payment due
Payment is you
Payment is due
The payment you!

Cowardly acts of violence The ultimate betrayal An eye for an eye True justice will prevail

Squeal, how does it feel to you Like a pig, down upon your knees Scream, as I squeeze your life out And rid the world of your disease
