Can't Shut Up

Anthem Lights

I had a heartbeat,
I was breathing
And I kept going and going without a reason

I was living,
Just to be living
Until he really gave me life

This much I know
I am not alone
And I know I am not the only one who found a way home

It's not a secret don't have to keep it deep inside

Hey, Hey, are you there?
(We've been looking for ya)
Hey, Hey, are you there?
(We've been searching for ya)
Hey, Hey, are you there?
(if your love is your song, pass it on)

This is why we get up and sing
(We can't shut up!)
We got everything that we need
(We can't shut up!)
Love is coming now, we are free
We can't shut up about it
We can't shut up about it
WE CAN'T SHUTUP!

We got a problem
But I ain't calling Houston,
you and I can solve it
We gotta break the silence
We've been quiet for too long
We gotta wake up, wake up

Hey, Hey, are you there?
(We've been looking for ya)
Hey, Hey, are you there?
(We've been searching for ya)
Hey, Hey, are you there?
(let the lost and found let it out)

This is why we get up and sing
(We can't shut up!)
We got everything that we need
(We can't shut up!)
Love is coming now, we are free
We can't shut up about it
We can't shut up about it
WE CAN'T SHUTUP!

This is why we get up and sing
(We can't shut up!)
He's everything that we need
(We can't shut up!)

Love is coming now, we are free
We can't shut up about it
We can't shut up about it
WE CAN'T SHUTUP!

Out of the darkness and into the light
When blind men can see it's a beautiful sight [2x]

This is why we get up and sing
(We can't shut up!)
We got everything that we need
(We can't shut up!)
Love is coming now, we are free
We can't shut up about it
We can't shut up about it
WE CAN'T SHUTUP!

This is why we get up and sing
(We can't shut up!)
He's everything that we need
(We can't shut up!)
Love is coming now, we are free
We can't shut up about it
We can't shut up about it
WE CAN'T SHUTUP!

WE CAN'T SHUTUP! [7x]

We can't shut up about it

WE CAN'T SHUTUP!

Out of the darkness and into the light
When blind men can see it's a beautiful sight [2x]
