

# God Above Everything

Anthony B

Nuttin nah gwann fi ya in life, ya pray to God every night...  
But nah true ya can feed ya family & wife ya nah remember God...  
No remember God...  
Woy-woy-ya-woy-woy-ya...

Mi know ya love ya car & ya bling-bling  
But put God above everything  
Mi know ya love the levels that ya sell ya end  
But put God above everything  
Mi know ya love ya woman & the modelling  
But put God above everything  
Mi know ya love ya ride & ya bling-bling  
But put God above everything.

True ya rich and you don't remember  
Back in the days ya couldn't find bread & butter  
Who was the one to help you out when you ah suffer  
Shine HIM light throughout the darkest hour  
True ya have everything your life require  
You no remember fi go call pon Jah Jah  
When you broke your toe dem time ya say a prayer  
Hey, but we used to hold it down together, see-it deh..  
Money nah mek say be there til the end  
Money start mek relationship end  
True you get rich ya nah remember Rasta again  
Nah remember say God was your only friend.

Mi know ya love ya car & ya bling-bling  
But put God above everything  
Mi know ya love the levels that ya sell ya end  
But put God above everything  
Mi know ya love ya woman & the modelling  
But put God above everything  
Mi know ya love ya ride & ya bling-bling  
But put God above everything.

HIM put food upon mi table deliverance and give mi energy  
Make me stand up in the presence of mi enemy  
Walk thru the valley of death, nah fear nobody  
Fill my mouth with words to deliver properly  
Chant fi freedom, chant fi liberty  
Fi di poor dem we want better livity  
You Mista Big Man see it deh ya cockety  
One day you will have to answer to the almighty  
Because how we used to hold it down together  
Thru the good, thru bad weather  
Though ya flick off Jah love like a bad feather  
You seh see time will get redder!

Mi know ya love ya car & ya bling-bling  
But put God above everything  
Mi know ya love the levels that ya sell ya end  
But put God above everything  
Mi know ya love ya woman & the modelling  
But put God above everything  
Mi know ya love ya ride & ya bling-bling  
But put God above everything.
