

# Big Mistake

Anthony Green

This is a big mistake  
And very soon you'll know  
Why your whole family told you not to go  
Everybody said to stay

How could I ever think that I could feel the same passion as you  
u  
When I know it's not true

It's in my thoughts and time  
I'll up the ante to see  
Just how dedicated you should be  
How faithless you've become

How could I ever think that I could see the same sunset as you  
When I know that I can't  
Why did I ever wanna be like that  
(All our love is gone)  
So wrapped up in with you can't have  
(All our love is gone)  
You don't notice what you had  
(All our love is gone)  
So wrapped up in with you can't have  
(All our love is gone)  
You don't notice all is lost

This is a big mistake  
And very soon you'll know  
Why your whole family told you not to go  
Everybody said to stay

(All our love is gone)  
So wrapped up in with you can't have  
(All our love is gone)  
You don't notice what you had  
(All our love is gone)  
So wrapped up in with you can't have  
(All our love is gone)  
You don't notice all is lost
