

Miracle Sun

Anthony Green

Where do you go,when it gets dark?
And is there room for me there?
How long will it take you to wake up?
Before you go will you wake me?

(Will you wake me up?)
Or I'll sleep all day

Miracle sun
Stay with me tonight
We don't wanna be without you
We'll come along so
Save a place for us
We don't wanna be left alone, no

Where do you go,when it gets dark?
And is there room for me there?
How long will it take you to wake up?
Make a promise to wake me
Will you wake me up?

Or I'll sleep all day
And miss everything

Miracle sun
Stay with me tonight
We don't wanna be without you
We'll come along so
Save a place for us
We don't wanna be left alone, no

Miracle sun
Stay with me tonight
We don't wanna be without you
We'll come along so
Save a place for us
We don't wanna be left
