

# When I'm On Pills

Anthony Green

Just when I thought maybe I've done something right,  
She goes and falls apart.  
All the low moments make life seem unbearable at times  
It's the highs that keep us alive

I love you, ooo  
Oh I love you...  
When I'm on pills, when I'm on pills.  
I love you, I love you  
When I'm on pills.

There are days we go from love to war to fast, you know...  
And I know it's not your fault.  
There's an ancient curse inside my blood that tricks my brain t  
o say this  
It tells me I'm the biggest fraud

I love you,  
I try to...  
When I'm on pills, when I'm on pills  
I love you, I love you,  
When I'm on pills

How much is enough of it?  
How much is too much of it?  
Oh, I don't wanna end up dead.  
How much is too much of it?

I love you, I'll die trying to...  
When I'm on pills, when I'm on pills,  
When I'm on pills, when I'm on pills.  
I love you.  
I love you.  
When I'm on pills, when I'm on pills  
I love you. I love you, when I'm on pills

When I'm on pills.
