

Sista Big Bones

Anthony Hamilton

Some day I'll be walkin along
and you'll stepp on the scene where I'll be,
hopefully you'll touched by my charm
and the words of the song will lead the way,
bright eyes, and thangs, dark hair, earrings,
just a few of the things I like about you

Sista Big bone, can a brotha walk you home,
look like a plate of neck bones, I'd like to keep
your body warm

Frankly, I admire your style, how you go into work everyday, co
nfidence in your walk in your stride,
have my nose open wide miss thang,
I'd like to take you on a nice day shoot some riddles have
some vittles with you, make no mistake,
I'll be a gentleman take your coat open doors things I'll do

Sista Big bone, can a brotha walk you home,
look like a plate of neck bones, I'd like to keep
your body warm

I'd like to dance with you
hold hands, and walk with you, sing songs,
and stare at you, miss thang, miss thang

Sista Big bone, can a brotha walk you home,
look like a plate of neck bones, I'd like to keep
your body warm
