Metal Thrashing Mad

Anthrax

Racing down the road
In a street machine of steel
Gears are jammed in full
I'm the madman at the wheel

Got my foot pinned to the floor You can feel the engine roar I got thunder in my hands I'm metal thrashing mad, yeah Metal thrashing mad, yeah

Driving like a maniac Can't go any faster Burning up the road Headed for disaster

Got my foot pinned to the floor You can feel the engine roar Got thunder in my hands I'm metal thrashing mad

Racing down the road
In a street machine of steel
Gears are jammed in full
I'm the madman at the wheel

Got my foot pinned to the floor You can feel the engine roar Got thunder in my hands I'm metal thrashing mad
