

## Aeon

### Antony and the Johnsons

Oh aeon  
My baby boy  
Oh aeon will take care of me

All the stars, your eyes  
Raining just for me  
Oh aeon will set me free

Oh aeon  
My baby boy  
Oh aeon will repair me

Oh his heart enjoyed  
Restores eyes alloyed  
Carry me through the olden void

Oh aeon  
His arms are warm  
Oh aeon was never born

Aeon's eyes forlorn  
He contains the storm  
He's the pasture of my dawn

Oh aeon  
My baby boy  
Oh aeon will take care of me

Hold my father  
For it is myself  
Without him I wouldn't exist

Oh aeon  
Love my father  
For my father is myself

Hold that man  
In your tender clutch  
Hold that man I love so much
