

My Angel

Arcturus

I need you
I love you
I need you
I love you
You're my angel
I need you
I love you
I need you
You're my angel
You're my angel
My..., my...
My angel
My angel
My...
My angel
My angel
My, my, my angel
My angel
My angel
My angel
My angel
A traitor
To have spurt my fell
My biggest fear
Foul love fell
I need you
I love you
I need you
I love you
Die!
