

Music From The Spheres

Argent

Now the morning star is here to greet us
For so many thousand years he's been away
But I won't be afraid.

(I won't, I won't, I won't be afraid).

Music from the spheres assails my ears
I hear a distant song, a moving hymn
That grows and breaks across the universe.

Music from the spheres to take my mind away
As it flows throughout the years.

All around the world the people trembled
'God, save us from the Devil' - was their prayer
But I can't be afraid.

(I won't, I won't, I won't be afraid).

Music from the spheres assails my ears
Instils a season's song, a moving hymn
That grows and breaks across the universe.

Music from the spheres to take my mind away
As it flows throughout the years.

(Don't, don't save us, don't save us from the Devil).
