

# The Man And The Lion

Arno Carstens

See me in the morning time  
When I say I come my way  
See me in the morning  
When I'm alive

When the flowers are beds  
And the roses society I know why  
See me in the mountains when I  
See me in the morning time when I cry  
Star light, star bright, star light

Oh mama, tell them I'm coming home for dinner now  
Oh mama, I'm a man I'm a lion  
Oh mama, tell them I'm coming home for dinner now  
Oh mama, I'm a man I'm a liar

She said to me she's my body  
She's love and forever  
She said to me she is perfect  
Just like love and clever  
And I say, you can sing  
See me in the morning time

When I'm alive  
See me in the morning time  
When I come again  
See me in the morning time  
When I am away

Money money star bright  
Money money alright

Oh mama, I'm a man I'm alive
