

## Fine Whine

ASAP Rocky

This love, this love, this love won't last forever  
This love, this love, this love gon' own our eyes

This love, this love, this love won't last forever  
And this love, and this love, and this love gon' own our

I think my cup is getting muddy, oh buddy  
Is this that punch, drunk, and love it, no buggy?  
Eyes bloody when we out in public, I'm hubby, she say she love me  
Wasted money on syrup and honey, she think she Duffy  
Then I became a druggie, enhanced my fame and money  
And for your pain and suffering, my karma's waiting for me  
Expecting payments from me  
But she won't get a damn thing from me  
She just might get a band aid from me  
You swear the Benz and these bands ain't from me

I know I'm a scumbag and now your heart broke  
The night is still young, for you to sip and whine  
(Slow, slow, slow) Lemme see you whine  
(Slow, slow, slow, oh yeah)  
I know your heart is broken, pick up your wine glass  
With your fine ass, before you whine fast whine slow  
(Slow, slow, slow) Lemme see you whine  
(Slow, slow, slow, oh yeah)

How the fuck am I supposed to live?  
How many fucks am I supposed to give?  
How the fuck am I supposed to feel?  
Treated like a bell, cut the check and split  
Tell your new bitch she can suck a dick  
Tell your new bitch she can suck a dick  
Tell your new bitch she can suck a dick  
Tell your new bitch she can suck a dick

You the one that was putting up with me  
You see how these streets corrupted me  
I gotta conquer everything in front of me  
Even though I broke your heart how can you turn on me  
We with the shits on the real, I do this shit on the real  
I like them drinks on the real, I fuck your bitch on the real  
We do this shit on the real, keep it real on the real  
I was just keeping it G, she don't spend money at first  
Say you're in love with me, but I know it never gon' work  
I come through, top back, hangin' out the Vert  
Eyes screwed up, I'm drinkin' syrup  
I know that look that you givin' me  
It's killing you softly mentally
