

If Not For Me

Ashes Remain

Push me down.
Hold me back.
Grate up all my mind.

I cannot see these chains.
Cause' I'm already blind.

I could escape.
But I won't turn away.
This is not my fate.
I choose to live this way.
I could be free, if not for me...

Close me in.
Choke me out.
Kick me while I'm down.

You don't have to keep me here.
Cause' I'll just hang around.

I could escape.
But I won't turn away.
This is not my fate.
I choose to live this way.
I could be free, if not for me...

Oh no, if not for me...

Taking back all your lies...
Taking back, it's no surprise...
Taking back all your lies...
Taking back, it's no surprise!

I could escape.
But I won't turn away.
This is not my fate.
I choose to live this way.
I could be free, if not for me...

Oh no, if not for me...

I could be free...
But I won't turn away...
This is not my fate...
I choose to live this way...
I could be free...
If not for me...
