

Don't Cost You Nothing

Ashford & Simpson

Don't cost you nothing
Don't cost you nothing

Think, think about
The way of rejection
You're not the only one
Reaching for perfection

Think, think about
The reason you exist
I got something you
Might not wanna miss

Don't cost you nothing
Don't cost you nothing
No, yeah, yeah

You just think, think
About your point of view
You don't have to get involved
No one's forcing you

Hey, stop, stop and
Listen to the voice
Good God alive, ha
You always got a choice

Don't cost you nothing
Take a chance as you go
Don't cost you nothing
If you like it, come back for more

Don't cost you nothing
Take a chance as you go
Don't cost you nothing
If you like it, come back for more

I ain't selling myself to you, baby
The way that others often do
People you know call me crazy
They determine what I offer you
It don't cost you nothing

Don't cost you nothing
Take a chance as you go
Don't cost you nothing
If you like it, come back for more

I ain't selling myself to you, baby
The way that others often do
People you know call me crazy

They determine what I offer you
It don't, it don't, it don't cost you
It don't, it don't, it don't
Cost you nothing

Don't cost you nothing
Take a chance as you go
Don't cost you nothing
If you like it, come back for more

Don't cost you nothing
Take a chance as you go
Don't cost you nothing
If you like it, come back for more

Don't cost you nothing
Don't cost you nothing

Don't cost you nothing
Take a chance as you go
Don't cost you nothing
If you like it, come back for more

Don't cost you nothing
Take a chance as you go
Don't cost you nothing
If you like it, come back for more

Don't cost you nothing
Take a chance as you go
Don't cost you nothing
If you like it, come back for more
