Don't Call Me

Asia

You know I'll never understand your reasons
I gave you all the love that I could give
Now I'm sitting on a plane to take me far away
I've got to find a new place to live

It used to feel so good when you stood beside me
How can you forget the words you said?
Things like: I'm gonna stay with you forever
Will always echo in my head

Don't call me, don't call me, no more

If this plane ride lasts forever
I couldn't quite get over you
We spent too much time together
I can't believe we're through

Don't call me, don't call me, no more
