

## Vault of the Vailing Souls

Asphyx

Silent whisper from the children's grave  
Testy the horrid deeds and grief  
Eternal cries echo through the vault  
And moan their dirge to the infanticide

Enticed children followed to the vault  
Trapped to satisfy his perverse need  
Haunted hiding place of violation  
Mentally disturbed by morbid passion

Vault of the narrowed vailing souls  
Echo of their moaning in your ears  
Invective unrest longing for return  
The silent dirge of sadness will remain
