Astarte

Demonized
Demonized

Fire in her eyes
Her beauty hide the signs
She devil female disguise
Innocence has died

Born of fire, spawn of evil
Dwelt down in to her mind
Nothing sacred from her treason
All is lost from her denial

Demonized in to your soul
Sacrifice to things unknown
Demonized from the spirits of hell
Suffering that will never be end

Demonized in to your soul
Sacrifice to things unknown
Demonized from the spirits of hell
Suffering that will never be end
