## **Demonized**

## **Astarte**

Demonized Demonized

Fire in her eyes Her beauty hide the signs She devil female disguise Innocence has died

Born of fire, spawn of evil Dwelt down in to her mind Nothing sacred from her treason All is lost from her denial

Demonized in to your soul Sacrifice to things unknown Demonized from the spirits of hell Suffering that will never be end

Demonized in to your soul Sacrifice to things unknown Demonized from the spirits of hell Suffering that will never be end
