

# Testament of Rock

Astral Doors

Early in the morning; it's time for you to go  
I guess you're a disciple of the clock  
You're dreaming away, I hear what you say  
To live a life so boring is nothing we can do  
We're writing down the testament; the testament of rock

We came into the light; with rock we conquered the fear  
Hard times, life was a fight; in denim and leather with hearts  
made of steel  
Banged our heads against the wall,  
Raised our fists and yelled  
Knock, knock open up the door;  
It's alive  
So sing with me  
We'll always sing our fighting song

[Chorus:]

We'll never stop; forever strong, it goes on and on and on  
We're here to write the will; the testament of rock

Get lost you posers of fraud; low life you run with the pack  
Stay true, no mainstream betray;  
We live as we learn  
Let us take you to burn  
Sold ours souls to rock'n'roll to live forevermore  
If it's too loud than you're too old;  
Scream it out and let it bleed  
Another day another song

[Chorus:]

We're writing down the testament, it's our last will and our last call  
Writing down the testament; we're bound to rise and you shall fall

[Solo]

Banged our heads against the wall;  
Raised our fists and yelled  
Knock, knock open up the door;  
It's alive, so sing with me  
I'll always sing my fighting song

[Chorus]
