Blinded by Fear

At the Gates

'We are blind to the World within us, Waiting to be born'

I cast aside my chains Fall from reality Purgatory unleashed Now burn the face of the earth Purgatory unleashed Now burn the face of the earth

The face of all your fears All your fears unleashed The face of all your fears

Born of the demon sky Twisting reality Sweet nauseating pain Is death the only release? Nauseating pain Is death the only release?

The face of all your fears All your fears unleashed The face of all your fears

The face of all your fears

I cast aside my chains Fall from reality Suicidal disease The face of all your fears Now covered with sores Humanity exiled Purgatory unleashed Now burn the face of the earth Purgatory unleashed Now burn the face of the earth

The face of all your fears All your fears unleashed The face of all your fears
