

Blood Within

Atrocity Solution

Pledge allegiance to your flag
Built on death we sure will reign
Kill the Innocent one last time
With these lives our profits will rise

One more this time wont mean shit
As long as we thrive we can't see past
Profits for human life

Pledge allegiance to your god
A Viliant Father, A Fuckin Fruad
Religious lies will feed their hate
To destroy any blasphemy

We as a country can't for pass
Humans as a fucking weapon
