Atrocity

I meet a girl - she seems ok She wants to show me all her friends But what I can see - I known before Their red eyes - the same as my Ma's! The invite me to drink and to take some pills "You should smoke a pot of hash, too!" I try to refuse but I wanna integrate "Don't be a coward - just become our friend!" "YOU!" "Just become our friend!" "TRY!" "Then you feel like us!" "TO BE!" "Without any sorrows!" "FREE!" "Without any restraint!" I want to know these miracle drugs I want to taste the feelings of them Beautiful things - in her mind Thousands of colors - wonderful sounds Give me some more! This is your first step to your death!
