Shout

Let it all out

These are the things I can do without

Come on

I'm talking to you

Come on

In violent times
You shouldn't have to sell your soul
In black and white
They really really ought to know
Those one track minds
That took you for a working boy
Kiss them goodbye
You shouldn't have to jump for joy

They gave you life
And in return you gave them Hell
As cold as I ice
I hope we live to tell the tale.

And when you've taken down your guard If I could change your mind I'd really love you break your heart
