

## Sparrow

## Attack In Black

Sparrow calling me  
Up high from the tallest tree  
Sparrow calling  
Wings to spread me though the seas

Take my side away  
Setting suns won't take away  
Rays so bright i'm blind.  
Wasting all my time.

Sparrow calling me  
up high from the tallest tree  
Sparrow calling  
Wings to spread me though the seas.

Send my touch a straight  
Drifting farther from my fairest day  
healing hands are far  
can i readh that far

Sparrow calling me  
up high from the tallest tree  
Sparrow calling  
Wings to spread me though the seas
