

## Like A Star

August Alsina

I got a pocket full of money, wistle full of stone  
Since I;m young and I'm ambitions I buy everything I want  
I see swanty chosing like is she want  
She love cuz the color that the other niggas dont  
I can put it down, I can put it down  
Go way to got me baby, I can put it down  
I'm not wragging, I'm not stucking  
I'm just talking what I know

Baby I can bang it on, say the words and we can go  
Zu I'm feeling like a star tonigth maybe cuz I shine so bright  
I don't wana touch the ground cu I don't wana this high  
Feeling like a star, feeling like a star  
Feeling like a star, feeling like a star

She chasing me, asking for a photograph  
Those are my ..sign my autograph  
Now she telling me she wanna go in my place  
So we woke in the front barely  
I get it up, I bet it down  
Told you I can put it down  
When I dragging on my stucking  
I'm just talking what I know

Baby I can bang it on, say the words and we can go  
Zu I'm feeling like a star tonigth maybe cuz I shine so bright  
I don't wana touch the ground cu I don't wana this high  
Feeling like a star, feeling like a star  
Feeling like a star, feeling like a star

I got a pocket full of money,I can put it down, I can put it down  
I got everything I want  
I see you you;re chosing I can put it down  
I see swanty chosing like is she want  
She love cuz the color that the other niggas dont  
I can put it down, I can put it down  
feeling like a star tonigth maybe cuz I shine so bright  
I don't wana touch the ground cu I don't wana this high  
Feeling like a star, feeling like a star  
Feeling like a star, feeling like a star  
Feeling like a star, feeling like a star

Tell you I'm feeling like a star,  
Tell you I'm feeling like a star,  
Tell you I'm feeling like a star,
