## **In Sorrow And Solitude**

Autumnia

Filled by the gift of human death This grief is brighter the thousand suns I'll stay with you for ever In loneliness of two souls

By an image and likeness Of chagrins and losses To leave in order to return never To leave for endless awaiting

In grief and sorrow In anxious emptiness In dejection and loneliness There where you don't want to be with me

I'll stay with you for ever But only I shall stay alone

In loneliness of two souls And only I shall stay alone You disappear like the sun Not to be worthy of the human life
