Was like a dream when I first met Your face and your stature The way you carry yourself It really turned me on Control myself, had me in the zone Caught staring in your eyes Feeling like when doves cry And that smile on your face that you had for me To let me know you couldn't wait to get next to me

I can see it in your eyes that you're down to ride
The way you move your body made me want you more
I can envision me hitting it, that's what I'm getting that
That fire, up in here
Whoo!
Let me hit that, hit that, spit that
Wanna rush that, bust that, crush that
Oh I ain't playing no games wanna tear it out the frame
We can start in the Range
