If it dont fit, you must quit, ya heard?
Lotta thugs respect it

2-way open, my cold is broken
Why ya gotta be this way, girl I thought we were straight
Checkin out my messages just hopin'
Thinkin' that I'm cheatin', baby whats the reason
Askin this question thats always on back
Seein' somethin's funny, just out here gettin' money
Comin' up with your own conclusion
Baby it's confusin', it's all an illusion

Love aint no limit for me and you
Why we goin' through the things we be goin' through, goin' through
Love aint no limit for me and you
Oh I, Oh I
Love aint no limit for me and you
Why we goin' through the things we be goin' through, goin' through
Love aint no limit for me and you
Oh I, Oh I

Cell phone ringin', your head is steamin'
Thinkin' that I'm crazy, baby you amaze me
Mind is dazin', your heartbeats racin'
Thinkin' that I'm cheatin' cuz do you have no reason'
My videos on TV, people recognize me
You aint tryna undastand, think I gotta game plan
I don't wanna ride it but you
But I cant understand the things that you do still
